PLANS LAID TO STAGE “H.M.S. PINAFORE”

At a well attended meeting in Miss Chardon's studio on Thursday evening of last week, matter in connection with the proposed putting on of Gilbert and Sullivan's comic opera, "H.M.S. Pinafore," were carefully gone into. A survey of the available talent in Pass towns was made and it was decided that there would be no trouble in staging the opera in a shivery, quivering, howlingly hilarious mystery farce—that will make you laugh for a month of Mondays.

The cast calls for seven principals, with a chorus of sixteen male and twenty-four female voices. Mr. H. Mellor-Langdale, who has successfully produced this opera in Edmonton and other towns of the province, will be in charge, while Mr. W. H. Moser, of Hillcrest, will conduct the orchestra, which will include the best talent of the district.

A further meeting is called for next Thursday, September 29th, at 8:30 p.m., to be held at the Greenhill hotel. The production of this opera will afford an opportunity rarely encountered for singers to gain experience, and it is hoped everyone interested will be present. It is desired by those behind the move to make final arrangements at this meeting, so rehearsals may be started right away, plans being to produce this popular opera during the winter season.

“A DANGEROUS AFFAIR”

HOLT-GRAVES FEATURE

The attraction at the Orpheum Theatre for the balance of the week is "A Dangerous Affair," a Columbia film co-starring the famous pair team of the screen, Jack Holt and Ralph Graves. The picture is a mystery-thriller, treated in a somewhat humorous vein and includes among its supporting cast, Sally Blane, Susan Fleming, William V. Mong, Tyler Brooke, Blanche Frederik, Esther Muir and Frederic Franklin. Edward Sedgwick directed.

MR. B. C. MARSHALL and Mrs. Hilton, president and secretary of the provincial L.O.D.E., were in town last week end, and on Thursday evening met the members of Crows' Nest Chapter. Mrs. Marshall is widely known throughout the province, both in press and L.O.D.E. circles.

GIRLS FIGHT FOR HIM

Phillips Holmes, who had two girls providing him social problems in "An American Tragedy," has two new ones to cause romantic puzzlement: "Two Kinds of Women," showing next Monday, Tuesday and Wednesday at the Orpheum Theatre. The girl friends who fight for the distinction of becoming his wife are Miriam Hopkins, recently seen in "24 Hours" and "The Smiling Lieutenant"—and Wynne Gibson, who was in "Ladies of the Big House."

We've heard the remark: "Drinks like a fish." Well, we could never find proof that fish were ever addicted to drink; but now comes a report from California, in the "dry" United States, that drunken fish are walking out of the rivers. Like all other fish stories, this one is supposed to be true.

CHARLIE RUGGLES AGAIN PALS WITH CHEVALIER IN PICTURE

Charlie Ruggles, Maurice Chevalier's military pal in "The Smiling Lieutenant," combines his comedy talents with those of the Continental star in Paramount's "One Hour With You," which comes to the Orpheum theatre, for three days next week end.

Ruggles has the comedy lead in this new Chevalier production in which feminine parts are played by Jeanette MacDonald, Genevieve Tobin and Adrienne Ames.

TO INTRODUCE BRITISH FILMS

San Francisco, Calif.

Gentlemen—Just back from the preview of "The Doomed Battalion" I feel bound to tell you that it is a great pleasure to see this film. I think it is bound to please the American public, as well as any other. Truly, the incomparable magnificence of the elating climax of this high song of duty make it a work of art and human document, which I would like to show to my children. That, in my eyes, is the highest praise I can give to a film.

Yours very truly,
W. Ohmann,
(for Dr. von Hentig, German Consul General)

"The Doomed Battalion" comes to Cole's theatres this week end.

CHURCH TO ALTER

SYSTEM IN WEST

TORONTO, Sept. 16.—Recent losses incurred at Winnipeg do not affect the Church of England as a whole, was the assurance given today by Most Rev. Clare L. Worrell, Archbishop of Nova Scotia and Metropolitan of all Canada following a three-day conference with the executives of the general synod.

All financial affairs of the general synod are entirely satisfactory and the work of the church in the Diocese of Rupert's Land, where losses were suffered, will continue without interruption, His Grace stated.

The Archbishop left Toronto tonight with Rev. Canon S. G. Gould and Mrs. Worrell, for Winnipeg.

Archbishop Worrell admitted the system which permitted losses to occur in funds entrusted to John A. Macpherson, K.C., was wrong and added "It had grown up from the early pioneer days when settlers in the west were sparsely scattered and when men of business ability and responsibility were few."

"Unfortunately," he said, "it had never been changed and in all our dioceses and funds the gifts of the people will not only be safeguarded, but put to the best possible use."

The 1933 East Kootenay musical festival will be held at Cranbrook on April 27, 28 and 29.

The Edmonton Bulletin's "Forty Years Ago" an item of genuine interest in the south appeared this week.

It read: "Tracklaying on the C. and E. south has been finished into the new townsite of Macleod. Work on the line into the Crows' Nest Pass has commenced; graders are being at work some miles west of the townsite." Thus memory goes back to the days of '92 when the early development history of Southern Alberta was being made.

Coalition Governments.

The question of coalition, or union, governments has been brought very forcibly to the attention of the people throughout the Western provinces of Canada within recent months. There is undoubtedly a very considerable body of public opinion which favors the reorganization of governments at the present time upon a non-partisan basis,—that is, the formation of cabinets of ministers inclusive of representatives of all existing political parties, with the strongest men chosen from each to constitute the Government.

But the average elector has but a hazy idea as to how this can be brought about. Many people entertain the view that all present parties are equally responsible if such coalitions are not effected. If an official offer of coalition is made by the head of the Government in office, and it is rejected by the other party, or parties, then, of course, the latter must accept full responsibility for their decision. There is, however, only one person in each Province who can take the initial step leading to coalition. That is the Prime Minister.

Under the British system of parliamentary government the King, or his representative, invites the leader of the party having a majority in the House of Commons, or Legislature, as the case may be, to form a Government. He becomes Prime Minister. It is then his sole prerogative to select his ministers. His choice comes as many people as he chooses, and he, and he alone, names his ministers. Nobody has any right in the matter, except, of course, that such ministers must be approved by the people themselves by election to the Legislature. Having chosen his ministers, the Prime Minister alone can demand the resignation of the Government.

It was Premier Ramsay MacDonald who proposed the formation of a National Government in Great Britain; it was Premier Sir Robert Borden who proposed Union Government in Canada during the war in 1917; it was Premier Bracken who proposed coalition in Manitoba this year; it is Premier Tolmie who recently proposed coalition in British Columbia. Nobody but the Prime Minister has any right to do so. For a leader of an opposition party to propose coalition would be to infringe on the prerogatives of the Prime Minister.

Once a Prime Minister does propose coalition to the leaders of other parties then a large measure of the responsibility for the realization of such a form of administration is shifted on to their shoulders, and it becomes a joint responsibility of all to so compromise their differences as to make a union of their forces effective.

Coalitions in the past, both in Canada and elsewhere throughout the Empire, have been brought about in times of emergency in order to carry through certain policies deemed by all in the interests of the country but which it would be extremely difficult, if not impossible, for a government representative of only a section of the people,—even of a majority of them,—to do by itself. Therefore, when coalitions are formed the exact nature of the emergency to be met, and the policies by which it is to be met, must of necessity be clearly stated, and it is on the basis thus set out that coalition takes place. This was true in the case of the present National Government in Great Britain, and also when Union Government was formed in Canada to win the war and enforce conscription.

Much of the opinion in favor of coalitions today is founded on the idea that party politics and party Governments are a mistake; that the whole citizenship should be united in one party and one Government; in a word, that Provincial Governments at least should be in the nature of a municipal council, or board of directors of a company. Whether such an ideal is practical is another question. There are divergent groups in many company directorates, controlling majority and a dissentient minority. The same is true in municipal councils, although the members may not be definitely classified under any group name or as Government and Opposition. But the parties or groups exist just the same.

In fact when any two persons join forces to bring about any given result a party is formed, and the same is true when two persons unite to oppose any given policy or line of action. In fact, coalitions become necessary when, because of a multiplicity of parties, no one party can command a majority and thus form a Government. Coalitions, therefore, are not the solution of the party system, and it would appear that there will continue to be parties just so long as everybody does not think, see and act alike on public questions.

Finally, a coalition government is not created through a joining of forces by a few individuals, but a union of parties. Only by a merger of parties for a given purpose can the required strength be given to a coalition. One or two individuals might enter a Government to add strength to that Government, but it would not be a coalition. Parties must unite to bring about a coalition.

A Long Imprisonment

Toad Freed From Concrete Block
After 22 Years

Cracking a large concrete block removed by blasting from the Welland south dock of the Welland Ship Canal, workmen were astonished to see a toad hop out from the centre of the block after it had been split. The dock was built in 1910, therefore the toad had been imprisoned for 22 years. It appeared slightly dazed for a few minutes after gaining its freedom, but was soon hopping about like any other toad. It seemed quite normal with the exception of its feet, which appeared to be under-developed.

Suffered A Severe Attack Of Dysentery

Mr. P. L. D. Moullard, Vernon, B.C., writes: "Last summer I suffered from a severe attack of dysentery. I tried nearly everything on the market, without getting any relief, until a friend told me to use Dr. Fowler's Extract of Wild Strawberry, which I did, and I got immediate relief. Now I am making it a rule to always keep a bottle of it in my medicine chest."

"Wild Strawberry is sure relief for dysentery, colic and diarrhoea, but I always see I get the genuine 'Dr. Fowler's'."

Auto Has No Seats

Wife Of Indian King Rides Sitting On The Floor

After his visit to Europe the Emir Feisal advised his father, Ibn Saud, King of the Hedjaz, to buy automobiles for the entire royal family. The result was a \$150,000 order. The coachwork of the cars is polished aluminum. The one for the Emir's wife is completely closed and has no seats. Instead its floor is spread with thick carpets. Overhead are electric fans to cool the heat of the Arabian desert.

One Well-Managed City

Louisville, Kentucky, Took Simple Way of Effecting Economies
Louisville, Kentucky, will face its new fiscal year, September 1, with a cash surplus of more than \$400,000, the majority of its employees will be on a full salary basis and another reduction in taxes is promised.

Cheques are being written for \$140,000 to pay back a 10 per cent. salary cut which went into effect on January 1. At the same time the tax rate has dropped from 23.4 mills to 22.3 and assessment values have been cut 7 per cent.

The explanation is simple. In the closing days of 1931 Harry Harrison of Louisville announced a 10 per cent. salary cut for civic employees, and at the time it was estimated that they should reflect sufficient economies despite the reduction in the tax rate and assessment, they would be given the back pay.

The effect was instantaneous. Economies were effected in every department. The savings came from positive acts of the employees, such as curtailing gasoline supply, care in driving trucks and other vehicles, substituting of materials—in short, from frugality vigilance.

Even the taxpayers showed an improved tone. On July 28, 89 per cent. of the taxes had been paid, leaving only \$87,045 unpaid of the total \$55,945 receivable as of January 1, 1932.—Winnipeg Tribune.

HAS LOST FAT FOR THREE YEARS

68 lbs. Gone Altogether

A woman writes:—"For nearly three years I have been taking Kruschen. She takes away the hot water and has lost 68 lbs. of fat. My weight before taking her was 196 lbs., and it is now 128 lbs. Compare the difference—it is marvellous. My husband and son also take Kruschen and lots of our friends, and think they are wonderful. As regards diet, I eat very little, or nothing; in my case, I have never done anything since I started taking Kruschen. I walk every day, and do not eat many potatoes or much sugar. I don't think I should be afraid enough to take Kruschen. She is the great help they have been to me, and shall never stop taking them, or recommending them to people I think need them."—Mrs. M. J. T.

Takes every morning, Kruschen effects a perfectly natural clearance of undigested food substances and all excess of waste material. Undoubtedly this postage is regularly expelled. Nature will eventually store it up out of the way in the form of ugly fat.

Boys Won In Contest

Ontario Youth Beat Girls In Cooking and Sewing

Success crowned the efforts of two Ontario boys when they invaded what has been regarded hitherto as women's precinct, at Woolwich township school fair.

Ralph Howlett and Gustav Brohman were the youths. Leading all contenders, girls included. Howlett won the sponge cake competition, and Brohman topped the two best buttonholes and button.

FAVOR EQUALITY IN ARMAMENTS FOR GERMANY

London, England.—Germany's demand for equality in armaments received enthusiastic support from Arthur Henderson, president of the world disarmament conference.

Speaking before the national peace council, Mr. Henderson, who was foreign secretary in the last British Labor cabinet, called upon the allied powers of the World War to carry out the disarmament provisions of the Treaty of Versailles.

"Why shouldn't the World War allies get together and recognize that what was said in their names in 1919 must bind them?" Mr. Henderson demanded.

"Why should they not publicly declare their intention to remove Germany's position of inferiority with all possible haste, and to restore Germany's equality in military status?"

Mr. Henderson will leave for Geneva to make preparations for the impending resumption of the disarmament conference. Admitting frankly that he was dissatisfied with the results of the conference thus far, he asserted it would be an "intolerable jest" if it failed.

The great mass of British opinion would rejoice in disarmament, Mr. Henderson said.

"We should greet with enthusiasm the abolition of monster battleships, submarines, tanks, huge land guns and, more than anything, that devilish form of warfare, air bombing."

"At last we are tired of tyranny of the armament mongers and are ready for any measure that will put an end to it."

He asserted he could not believe that "the statesmen who are to be assembled at Geneva in the course of the next few days are prepared to take responsibility for encouraging a competitive race in armaments and its inevitable danger of war."

"The claim of Germany to re-arm will present the conference with a most crucial question. If Germany withdrew from the conference she might estrange opinion in Europe. Surely there is a better way and I hope the better way will be taken."

Will Reside In West

Earl Of Egmont Has No Idea Of Forsaking The Footills

Macleod, Alberta.—The Earl of Egmont, Alberta's 19-year-old rancher-earl, has no idea of forsaking the foothills and taking up residence with his young bride in England.

Passing through Macleod from the Pacific Coast, where the newly weds spent their honeymoon, the earl declared he would reside at his little ranch at Priddis, Alberta. He said he would make his home in the foothills, the land of his childhood.

The earl was married quietly in Calgary three weeks ago to Miss Anne Moodie, 19-year-old Calgary girl. Following the ceremony they left for Vancouver via Jasper Park. They will continue their honeymoon journey into the United States.

Gandhi's Threat

Effort Being Made To Prevent Mahatma From Starting Hunger Strike

Simsa, India.—Powerful efforts are being organized to deter Mahatma Gandhi from carrying out his threat to start a hunger strike.

The viceregal talked for an hour with Rao Bahadur, representative of the untouchable class in the assembly, who appealed to all classes to strive to save the life of "the greatest Indian of our time."

The Pandit Malaviya, Hindu leader, was summoned to a conference at Delhi in the hope of reaching an early agreement regarding representation of the untouchables, the issue which influenced Gandhi to threaten his campaign of starvation.

Married School Teachers

Calgary, Alberta.—Women school teachers whose husbands earn good salaries may be dismissed by the Calgary School Board. At a recent meeting the school board decided to investigate and ascertain the number of women teachers on the staff whose husbands received sufficient wages to run the home without their wives working.

The Nanking government plans to erect a radio station capable of communicating with any nation in the world.

Farmers Hold Wheat

Alberta Farmers Show Tendency To Wait For Higher Prices

Calgary, Alberta.—Alberta farmers are showing a tendency to hold their wheat until higher prices appear, according to grain trade heads at Calgary. Farmers are being given an average price of 32 cents per bushel No. 1 Northern.

Alberta wheat pool officials state course grains also be retained until prices improve. They point out that present prices made delivery hardly worth while as No. 2 C.W. oats brought only 13 cents per bushel, No. 3 C.W. barley 12 cents, and No. 2 C.W. rice 13½ cents.

Pool heads strongly denied farmers in some districts were forming organizations for the purpose of holding all their crops.

Sees Better Times

Speaker At Chamber Of Commerce Gathering Looks For Improvement

Halifax, N.S.—Declaring Canada is "on the threshold of the upswing," President W. L. McGregor, of Windsor, Ont., gave a keynote of optimism to the seventh annual convention of the Canadian Chamber of Commerce.

"I am glad to be able to state that it is not only my opinion, but the opinion of many leaders that we are on the threshold of the upswing," he said.

But Colonel McGregor wished to make it clear he was not suggesting the advent of recovery.

"How could anybody seriously recover the idea of the advent of recovery with 14,000,000 unemployed on this continent alone?" he asked.

It was shortly of the spectacular rise in stock prices.

Slayer Pays Penalty

Russian Who Slashed French President Dies On Guillotine

Paris, France.—Paul Gorgouloff, half-mad Russian adventurer, died on the guillotine at Sainte prison for the assassination of President Paul Doumer of France. The knife of the guillotine fell at dawn 6:03 a.m.

The Russian fanatic's last hope of escaping the razor-edged knife of "The Widow" passed when President Albert Lebrun, who succeeded Doumer, rejected his appeal for a commutation.

Dr. Gorgouloff was not told of the president's decision until a half hour before his execution, in accordance with French law and custom. Then he was awakened by his guard and lawyers informed of the appeal's failure, and led unceremoniously to the guillotine.

Freight For Bay Route

Will Shortly Discontinue Solicitation Of Freight For 1933 Season

Ottawa, Ont.—While the government takes no part in the operation of the Hudson Bay Railway and the Port of Churchill, the information that the Canadian National Railways will shortly discontinue the freight solicitation service for the new route is unofficially confirmed here.

The railway has been pushing the Hudson Bay route strongly in the past few months, but this effort will be stopped shortly prior to the closing of the Hudson Bay navigation season. The chief motive in discontinuing the service is to economize, but it is pointed that there is little purpose in soliciting freight for 1933 at this time.

Remembrance Day

War Veterans Favor Stricter Observance Of Anniversary

Vancouver, B.C.—Believing that the importance of "Remembrance Day" November 11—is not fully realized by the Canadian people, the eleventh annual convention of Amputations' Association of the Great War passed a strongly worded resolution favoring stricter observance of the anniversary.

"We pledge ourselves to do all in our power to see that this day shall be sacred in our national life," the resolution declares.

"We further appeal to the industrial and commercial life of Canada to review the splendid example set by dominion, provincial and municipal governments in closing down all but necessary works on Remembrance Day."

No Fall Session

No Early Sitting Of Alberta Legislature Is Expected

Edmonton, Alberta.—A fall session of the Alberta legislature is not likely, it is stated by Premier Brownlee, and the action of the Dominion Government in calling parliament for October 6 will not have any effect upon the situation in this province so far as its own house is concerned.

Unless some unexpected emergency arises, it will not be necessary to call a sitting of the legislature before Christmas, said Premier Brownlee. If economic or other conditions should become sufficiently serious, it might be found desirable, but there does not appear at present the premier said, any reason for such action this fall.

Mr. Brownlee intimated however, that in any case as early as possible after the new year will be arranged for the regular session.

Dairy Barn Destroyed

Heavy Loss Sustained By Farmer Near Moose Jaw

Moose Jaw, Sask.—The huge barn of Fred H. Jones, prominent dairy farmer living two miles north of the town, was completely demolished by fire, incurring a loss estimated at \$23,000. Starting either from spontaneous combustion or from a short circuit in the electric wiring of the barn, the fire blazed uncontrollably for three hours.

The barn, measuring 270 feet by 36 feet, was valued at close to \$20,000, the feed which was stored inside was valued at \$2,000, milking machine equipment was valued at \$1,000, and 12 sets of harness were valued at about \$500. All these were a total loss.

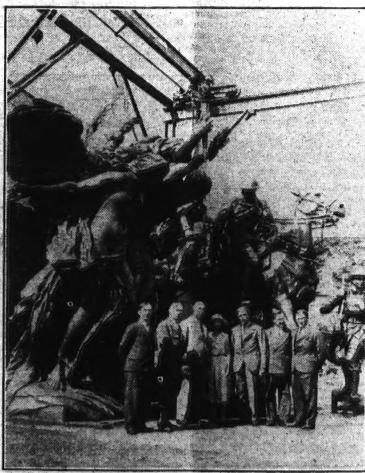

FREE STATE STILL CONCERNED OVER LAND ANNUITIES

Dublin, Irish Free State.—Both governments continue to maintain the strictest silence concerning the terms of the latest note from the Free State to the United Kingdom in the dispute over the land annuities, but it was reported that President Eamon de Valera had declared that in event of failure to reach an agreement on the method of arbitration, he would use the monies so far withheld for the "relief of sufferers from the economic warfare."

The Free State so far has withheld payments of about \$10,000,000 on account of failure to reach agreement on the form of arbitration of the dispute—the Free State holding out for an international tribunal and the British government for an imperial arbitral board.

President de Valera is expected to visit London for a day or so, and have a final interview with J. H. Thomas, Secretary for Dominion Affairs, before leaving for Geneva to attend the sessions of the league assembly.

Completion Of Canada's War Memorial

Canada's War Memorial, which will in due course be erected on Parliament Hill, Ottawa, has now been completed at Farnborough, Kent, England, and for a short period will stand in Hyde Park, London, England. This picture shows the six March brothers and sister standing before the three gigantic figures which form part of the memorial. The memorial consists of a huge arch through which pass representatives of the services who responded to the call for men during the World War.

COMMENCES BIG WORK

Says Empire Threatened

British Ideals Of International Trade Are In Danger

Toronto, Ont.—Suggestion that the very civilization Great Britain had created might destroy her in the end was made here by Dr. T. E. Gregory, of London, one of the world's leading economists, in an address. Cabinet ministers, professors, bankers and outstanding business men were in his audience.

Dr. Gregory questioned whether the British ideals of international trade and congresses would win out, or whether the American ideal of less interest in international trade and more in mechanization of production would prevail in the next two decades.

"Do we want civilization of the kind my country has created, and which may destroy my country in the end, or the kind America has created and may carry to every triumphal conclusion?" Dr. Gregory questioned.

There was going on in the world a revolution in raw material that could not be checked, said Dr. Gregory. The raw material producing areas were going to resort to manufacturing in order to keep those busy who were being driven from the land.

Aviators Burned Alive

Pilot And Pupil Meet Horrible Death At Montreal

Montreal, Que.—Two men were burned alive in an airplane here as the machine went out of control and crashed to the ground. They were Captain Blaise A. Leboeuf, chief instructor of the Montreal Light Aeroplane Club, and C. W. Chambers, also of Montreal, a student pilot.

Leboeuf had taken Chambers up for one of his final lessons in "spins" and "dives." The machine was seen to falter when about 1,000 feet up. There was a roar when flames suddenly appeared about the engine and swept back over the occupants.

The plane then dived into a farmer's field near St. Hubert airport. There was an explosion as the machine struck the earth. So intense was the heat, no efforts at rescue could be made.

Captain Leboeuf was one of the most proficient flying instructors in Canada. He learned to fly in Windsor, Ont., and later joined the Royal Canadian Air Force. At Camp Borden he was regarded as one of the three outstanding instructors there.

A coroner's jury investigating the mishap returned a verdict of accidental death to both victims.

Pay Roll Robbers

New Type Of Tear Gas Gun Is Demonstrated

Chicago.—Pay roll robbers are going to shed a lot of tears.

A new type of tear gas gun, so small it can be concealed in a coat sleeve and reputedly of sufficient power to route a whole gang of pay roll robbers was demonstrated at the Northwestern University Crime Detection Laboratory here. It is fastened to the wrist like a strap watch. A fine wire leads from the trigger to a ring in the little finger. All one needs to do is lift up the arm and flick the finger and the trick is done.

OTTAWA SESSION LIKELY TO MAKE NEW HISTORY

Ottawa, Ont.—Canada's parliament convening on October 6 will make new history.

Sixty portend a four weeks' sitting of parliament in the fall devoted almost entirely to intra-empire trade. Perhaps even three weeks may suffice. To some extent opposition members will be a determining factor. And from that quarter there has been no official expression of views on the results of the Imperial Conference.

But in any event, approval of the trade acts will probably take place in time for adjournment on or before November 15. A recess until January 15 is expected.

The legislative programme when parliament reassembles in January will probably comprise:

(1) Legislation on the report of the transportation commission, headed by Mr. Justice Lyman P. Duff, of the supreme court of Canada.

(2) Approval of the Canada-United States St. Lawrence seaway treaty providing ratification has already been given by the United States Senate.

(3) Amendments to the Finance Act.

(4) Introduction of redistribution bill.

From present indications, the budget will probably be brought down in February. Like the financial statement, the main estimates will not be tainted until early next year. Preliminary work on the estimates will likely be under way shortly.

A bill for redistribution of Dominion constituencies always follows the completion of Canada's census every ten years. From the viewpoint of suggesting an election the measure consequently has no significance whatsoever.

Usually contentious amendments to the redistribution act go through a committee before being submitted to the Senate for enactment. This course will be followed during the coming session, it is stated.

The Finance Act in all its ramifications will likely be reviewed by a special committee. Amendments to the act are promised for early next year.

SHOULD EXTEND SHIPPING SEASON ON BAY ROUTE

Ottawa, Ont.—The Canadian government is moving to lengthen the shipping season out of Churchill, Manitoba's seaport on Hudson Bay, which, under existing insurance regulations, will have finished its first season of activity on a commercial basis at the end of this month.

Lowest insurance rates on shipping through Hudson Strait expire September 30. By paying additional insurance it can be extended to October 7.

The government marine department has made representations to the marine insurance underwriters against the insurance expiration date, it was stated here, urging that instead of a fixed date arbitrarily set, the date should be movable, dependent on the season.

Officials of the department are confident the Hudson Bay route will be perfectly safe for shipping at least until the end of October this year, as was last. But so far insurance underwriters have not agreed to set back the date on which lower insurance rates expire.

Seven vessels have picked up grain cargoes at Churchill since July this year, carrying a total of more than 2,000,000 bushels to Europe via the northern route. Still in store in the government-owned elevator at the Manitoba port are 1,250,000 bushels which might be moved out, it is held, if low insurance rates are left in effect until late in October.

Trade With Russia

Report Canada Will Exchange Aluminum Products For Crude Oil

New York.—The Aluminum Company of Canada, Limited, has contracted with the Soviet government to exchange aluminum wire for crude oil, says the New York Times. The first shipments of oil are now en route to Montreal, the paper says.

The transaction is described as the first of a series by which Russia will buy goods from Canadian industries through the barter system.

An arrangement has been made by Aluminum with the La Salle Oil Company for the latter to refine oil and to distribute the product throughout Canada, the paper proceeds.

Russia will utilize the aluminum wire in its vast electrification programme, it is said, and is negotiating for the barter of oil and coal and other raw materials in exchange for items essential to the success of its industrial development.

British Motorists Pay More For Gasoline

Price Has Been Increased Nearly Twenty Per Cent.

London, England.—British motorists were hit by an increase of nearly 20 per cent in gasoline prices, raising the standard grade to 39 cents a gallon.

The London Omnibus Company estimated the rise would increase its expenses more than \$1,000,000 a year. News of the increase caused a sharp rise in oil shares.

The growing army of small car owners had hoped the oil war which has given them cheaper gasoline would continue indefinitely but the inclusion of Romania and Russia in an agreement ended the price cutting.

Support Is Withdrawn

Kayne Don Loses Sponsor In Speed Boat Racing

New York—Kayne Don, British speedboat driver and holder of the world record with Lord Wakefield's "Miss England III," said he knew of no one in England who might take his former backer's place as sponsor of speed boat racing.

Lord Wakefield withdrew his support of Don and said he planned to withdraw entirely from further speed boat ventures.

Lord Wakefield is said to have spent at least £1,000,000 in the last few years promoting automobile, speedboat and airplane speed ventures.

Reduced Unemployment

Calgary, Alberta.—Harvest work has reduced Alberta unemployed figures by 1,696 compared to the same period last year, according to the province's unemployment service. There are 7,500 men still unemployed compared to 9,214 at this time in 1931.

ANOTHER FINE EXHIBIT FOR
WORLD'S GRAIN SHOW.

The province of Burma (India) will be represented at the World's Grain Exhibition and Conference, Regina, 1933, by a specially prepared exhibit sponsored by the Burmese Chamber of Commerce.

For some time the Imperial Council of Agricultural Research of India has been collecting material for an all-India exhibit at the World's Grain Show to be held at Regina next year. R. T. Young, the Canadian Government Trade Commissioner at Calcutta, in a letter to the Secretary of the Grain Show, now states that the director of agriculture of the province of Burma will prepare an exhibit specially representing that province. This decision to send a special Burma exhibit, apart from representing all India, came as the result of a resolution of the Burmese Chamber of Commerce who informed the director of agriculture that "in the opinion of the Chamber a separate exhibit for Burma should be shown; that this exhibit should include varieties of Burma rice and beans; and that the exhibit should be shown by the Department of Agriculture, to which the Chamber would give every possible help."

Burma has a population of nearly 14 million. The principal field crops include rice, beans, millet, cotton, sesamum and tobacco.

"Tony" McKinley, Elks' organizer, has been appointed south Alberta manager for the Empire Life Insurance Company, which has headquarters in Toronto. His district comprises that part of the province south of Red Deer.

Premier S. F. Tolmie, of British Columbia, has announced that his government will remain in office to dispose of a number of matters in suspense before election of a new legislature, out of which a coalition government will be appointed.

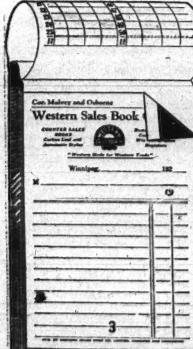

An editor was dining out. "Would you like some more pudding?" his hostess asked.

"No, thank you," replied the editor absently. "Owing to tremendous pressure on space, I am reluctantly compelled to dole it out."

Alex Patterson—"Daddy, what does Morency call his motor boat?"

Jack—"I can't exactly say, my son; but I'm sure what he called it when he was trying to start the engine wasn't the name painted on the bow."

WEDDING BELLS AT CORBIN

St. Paul's church, Michel, was the scene of one of the prettiest weddings of the season at 4 o'clock in the afternoon of Wednesday, September the 14th, when, against a background of asters entwined in greenery, and under a large wedding bell, Ellen May, second daughter of Mr. and Mrs. W. R. Almond, of Corbin, was united in marriage with R. Glider Crocker, eldest son of Mr. and Mrs. G. Crocker, of Spokane, Wash., Rev. A. G. McMorine officiating. Mrs. LeRoy, organist of St. Paul's, played Lohengrin's wedding march, and during the signing of the register the song "Perfect Love" was sung. The bride, who was given in marriage by her father, wore a lovely ivory georgette and silk lace gown in the latest style. Her veil was gathered around her head and held in place with a band of orange blossoms, from which it fell in long graceful folds about its youthful wearer. She wore long white gloves and matching shoes, and carried a beautiful bouquet of American Beauty roses and sweet peas, a gift of the groom's father, Miss Vickie Almond, sister of the bride, was a charming bridesmaid in an eggshell georgette ensemble with hat to match. She also carried a sheaf bouquet of American Beauty roses. Mr. Alpha Lee Tibergien was groomsman and Mr. H. LeRoy acted as usher.

Following the ceremony, the bridal party journeyed to Corbin for the wedding supper, which was held at the home of the bride's parents. About forty relatives and friends of the bride and groom were present. The dining room was tastefully decorated in pink and white for the occasion. Owing to the unavoidable absence of the bridegroom's father, Mr. E. L. Warburton proposed the toast to the bride, and was assisted by Rev. A. G. McMorine, of Michel. Following the supper, a reception was held in the B. & B. hall, at which over three hundred guests gathered to wish the newly-wedded couple much success and happiness in their many beautiful and useful gifts, sent by the following friends: Mr. R. G. Crocker, cheque; Mr. and Mrs. R. Almond, cheque; Mr. E. L. Warburton, cheque; Miss S. G. Timaeus, cheque; Mr. and Mrs. M. Gibson, cheque; Dr. and Mrs. J. Elliot, cheque; Mr. and Mrs. W. BELLEVUE HAPPENINGS

Mrs. Charles Graham and daughter, of Lacombe, are visiting at the home of Mrs. D. Hutton.

Kelly Siple dropped into town on Wednesday to renew acquaintances.

Mr. and Mrs. B. Eccleston are spending two weeks' vacation in Calgary.

Miss Gertrude May, of Chapel Rock, spent the week end in town, the guest of her sister, Mrs. James Kerr.

A number of Bellevue young people enjoyed a weiner roast at Bryson Creek on Friday night. The happy group kept the party going until about eleven o'clock, when they departed for their homes, after a thoroughly enjoyable time.

Dr. Reinhard left recently for Edmonton, where he is attending a medical conference.

Johnny Crawford is back in town after a short stay in Calgary. Johnny used the freight train as a pullman.

Mr. and Mrs. C. Emmerson, Miss Helen, and Arthur; Mrs. G. Coupland, Mrs. F. Wolstenholme, Mr. and Mrs. F. Padgett and Mrs. J. Shewels journeyed to Pincher Creek on Tuesday night, to attend the opening meeting of the Eastern Star Lodge.

Bellevue junior athletes are training seriously for the Crows' Nest Pass inter-school track meet, to be held at Blairmore this Friday. Bellevue will try to retain the shield for another year. It has been up for competition for five years, and Bellevue has held it four years out of the five.

Leo Lund is coaching a bunch of the boys in the rudiments of basketball. He claims he will have an A-1 team if they will only stick together for a couple of seasons.

HILLCREST HAPPENINGS

J. M. Mackie, president of the Hillcrest Collieries Limited, is making his usual fall visit here.

J. Penn, accompanied by his mother, Mrs. Penn, were week-end visitors to Calgary.

Mrs. W. Ross returned from her visit to Edmonton.

Peggy Calderwood returned home from a visit to her grandmother in Kew, Alberta.

T. O. Davies and daughter Bassie have returned from Calgary, where they had been spending a vacation.

R. G. Drinan is a business visitor here this week.

T. Beynon had been confined to hospital here, suffering from injuries sustained in a motor accident.

Mr. and Mrs. J. Heinitz, of Lethbridge, made a call here over the week end.

Mr. and Mrs. W. Fisher and son Lawrence were visitors to Calgary during the week.

Sidney Price has returned home,

after spending some time at Vancouver.

The Sunday school was reopened last Sunday, Mr. Christie, of Bellevue, being in charge.

T. Bamforth is visiting his parents here, Mr. and Mrs. George Bamforth.

Mr. J. Mackie, on behalf of the Hillcrest Collieries Limited, presented flags to the Hillcrest Boy Scouts and Cubs, at a very interesting meeting held in the Masonic hall here on Tuesday evening. The flags were received by Scoutmaster Mark and Cubmaster Norton, and dedicated to their purpose by District Chaplain, Rev. Mr. Partington, of Coleman. Mr. Mackie made a very thoughtful and encouraging address to the boys, and was heartily thanked by Mr. Joe Norton, District Commissioner.

Gresham, of Blairmore, spoke a few words to the boys, following the ceremony.

Scoutmaster George Hill, C. Lawrence and J. Lawrence also assisted in the ceremony, after which the boys sat to a sumptuous supper served by several of their mothers.

The usual Scout games followed, and the meeting closed with hearty cheers for all concerned.

CORBIN HAPPENINGS

Mrs. M. Tondini has as her guest Miss Margaret Truba, of Hillcrest, Alberta.

Bill Gregg returned home this week from a camping trip at the Flathead.

W. Crossfield is at the Flathead on a hunting and fishing trip.

Messrs. Bazel and Arthur Littley, of Rossland, accompanied by their sister, Miss Muriel Littley, of Fernie, were week-end visitors of Mrs. J. N. Barnes and Mrs. W. Sykes here.

Mr. and Mrs. Kightlinger motored to Newgate, B.C., on Sunday last, to visit friends.

Mr. and Mrs. J. N. Barnes and daughter Bassie, accompanied by Mr. and Mrs. Walter Sykes, motored to Cranbrook over the weekend to visit Mrs. Barnes' and Mrs. Sykes' mother, Mrs. McDonald; also their brother, John, who has been in the hospital for the past six months. Friends in the district will be pleased to know that John is making very fair progress.

A number of Mrs. C. Venables' friends gathered at her home in honor of her twenty-fifth wedding anniversary on Monday afternoon last. The table was tastefully decorated and centred with a large fruit cake. Mrs. J. N. Barnes, on behalf of the Wye ladies' presented Mrs. Venables with a pyrex plate and silver stand to match. An old friend, Mrs. M. Davis, also presented her with a pair of silver salt and peppers. Among those present were Mrs. W. Crossfield, Mrs. J. Norquest, Mrs. J. Matt Goss, Mrs. P. Baratelli, Mrs. J. Matt, Mrs. J. N. Barnes, Mrs. T. Barnes, Mrs. T. Brace, Mrs. M. Davis and

Mrs. Kightlinger.

Mrs. F. Roger has as her house guest her niece, Miss Mary Allen, of Calgary.

Bill Corlett returned early this week from a motor vacation spent at Vancouver.

COWLEY HAPPENINGS

A dance, in aid of the Cowley school, was held in the I.O.O.F. hall on Tuesday night, when a good-sized crowd turned out.

The first whist drive of the season was held in the Masonic hall on Wednesday night, under auspices of the R.C.C. church, when a jolly crowd turned out. The lucky prize winners were: Miss Nellie McWilliams, ladies' first; Miss Jessie Lemire, second; J. A. McDonald, gents' first, and M. A. Murphy, second.

The parish room of the Anglican church at Lundbreck is being opened up for teaching high school, when Grades IX. and X. will be taught for the ensuing term, with Miss Frances Smith, of Lundbreck, being engaged as teacher.

A very successful dance, sponsored by the Lundbreck Women's Institute, was held at Lundbreck on Friday night.

Mr. and Mrs. J. A. McDonald and Mrs. P. McEwen, of Blairmore, were Cowley visitors on Wednesday, incidentally taking in the whist drive.

The Cowley school fair, held on Tuesday, was a huge success. Although, owing to nipping frosts, the number of entries on display was slightly under that of last year, we are glad to report that the standard in many classes was higher, with most of the entries being keenly contested. The judging was done by Miss McIntyre, Mr. Barn and Mr. Phillips, of Olds' agricultural school.

When the doors of the exhibition hall were thrown open, a massed crowd entered to view the work of many school children, collected from several adjoining schools, when nothing but praises were rung from the most critical observers. The crowd was called to a halt when Mr. Barn and Mr. Phillips criticized the work in helpful addresses, coming right to the point and driving home straight facts in a friendly way in both vegetable and live stock exhibits. Owing to pressing times, the financial board found, on reviewing finances, that monies to offer as prizes was hard to raise, when the following donations came to the rescue and were graciously received:

Class 11.—Vase asters—first, two peony roots, by Frache Bros., Lethbridge.

Class 12.—Sweet Peas—25 tulip bulbs, 12 gladioli, by Frache Bros.

Class 14.—Wheat—3-months subscription to the Lethbridge Herald.

Class 28.—Special, grade beef h'ef'er or steer—sack of Ross meat meal.

donated by Burns & Co., Ltd., Calgary.

Special, yearling heifer—first \$3.00, second \$2.00, donated by Taber Creamery.

Special, best dairy heifer—first

Honey Producers May Expect Good Prices

Yield Over Whole Dominion Lighter This Year

Reports made by C. B. Gooderham, Dominion apiculturist state there is about a 65 per cent. crop in Ontario, a little over 50 per cent. in Saskatchewan and 60 per cent. in Alberta.

While the honey crop in the Red River Valley is somewhat lighter on account of dry weather injuring the clover crop reports from central and northern Manitoba indicate a better crop than last year.

The favorable weather in the spring and early summer developed the clover crop about 10 days earlier than usual in Manitoba, with beneficial results to the honey harvest. According to Mr. L. T. Floyd, provincial apiculturist for Manitoba, producers may expect good prices in view of the fact that the yield over the Dominion is only about 80 per cent. normal.

Highland Society Bars Women From Membership

Not Even Royal Lady Can Preside At Annual Festival

The Highland Society of London Wales has decided, to ask the Prince of Wales to preside at their next annual festival in June of next year. The decision to make arrangements as planned is due to the fact that the patronage of any member of the Royal Family can only be assured by making direct representations many months in advance. The Society is more or less precluded from inviting a Royal lady to preside at their annual festival as the Act of Parliaments of 1816 and 1831, by which they have been incorporated, debars women from membership.

New Anti-Aircraft Gun

Claimed To Have Range Of Seven and Half Miles

That a new anti-aircraft gun can bring down an attacking bomber aircraft at a distance miles up in the air, is the claim to those conducting tests on the Riviera coast, near La Seyne, France. The secret of the gun's construction is jealously guarded by the firm whose engineers planned it. Anti-aircraft guns have previously proved effective at a height of about three and one-half miles, but modern aircraft can attain much greater altitudes. In the experiments off La Seyne an airplane with pilot and mechanic ascended seven and one-half miles toward, suspended 1,000 feet beneath it, a target on which the anti-aircraft gun opened fire with live shells. Aviation, military and naval men of Europe are watching the tests.

MOSES HONORED IN HIS DEATH

John 10:22 "Precious in the sight of Jehovah is the death of His saints."

Psalm 116: 15.

Lesson: Deuteronomy 32:48-52; 34: 5-8.

Devotional Reading: Psalm 116:12-19.

Explanations and Comments

Moses Learned of His Approaching Death—Deuteronomy 32:48-52. In the plains of Moab he was in sight of the goal of his forty years' pilgrimage. He could behold the Land of promise, for he was over against it, but he was not permitted to enter it; his last hour had come.

Death is part of the divine economy. The thought of death should make this life seem worth while and the other world a Little Heaven, a gift from our father, hands meant for us to enjoy, but above all, to use aright. And death is another gift from our Father who has given us life, and invited us, his children, to life. Dr. Henry van Dyke's beautiful prayer breathes the true spirit: "Steady me to do my full stint of work, and when my day is done, stop me help me to say, from a quiet heart, a grateful Amen."

The Death of Moses—Deuteronomy 32:48-52. Joshua and the elders turned over the robes of authority to Moses. He climbed to the summit of the ridge overlooking the Plain of Moab. Below him lay the white tents of the people he loved, whom he had gazed upon daily. The Weeping Angel, which he had ever had in view; it's attainment had been the sustaining hope throughout all the wilderness years. Long, long had he gazed upon it. And then he quietly turned to take his journey to a fair land of promise that upon which his eyes had been fixed. No finer close to a great life could be desired. Any mention of the presence of a royal funeral would be tawdry in comparison with the dignity and grandeur of that closing scene. To have the great prophet stand with God on that mysterious summit overlooking the land which in after years would in every event of its glorious spiritual history witness to his service—the imagination could not dream of an end more august and splendid."

"And he had no higher honor? To be made ready for his pall?"

"To lie in state, with angels wait With stars for taper tall."

So Moses the servant of Jehovah, died there in the land of Moab, according to the word of Jehovah. But no man knew of his sepulcher unto this day; this statement was written long after Moses died. "Out of the grave" and "out of the place where he was unknown to later generations, the Hebrew imagination drew the impressive conclusion that he had enjoyed the supreme honor of being buried in the presence of God himself.

THE HOUSE OF DREAMS-COME-TRUE

BY MARGARET PEDLER

"The Spider Of The Hermit Of Far End,"
Hodder & Stoughton, Ltd., London.

CHAPTER XXXI.—Continued

Tortured beyond bearing, this final taunt, levelled at the woman he held more dear than anything in life, snapped his last thread of self-control.

He flung himself forward and his hands were gripping, gripping at the soft ivory throat from which the taunt had sprung. He felt the woman writhe, struggling to pull his hands from her neck. But it meant nothing to him. He did not think of her any longer as a woman. She was something vile—leprosy to the very core of her being—a thing to be destroyed. The thing which had made of all Jean's promised happiness a black and bitter mockery.

The mad Tormarin rage surged through his veins like a consuming fire. He would break her—break her and utterly destroy her just as one destroyed a deadly snake.

And then across the thunderous roar that beat in his ears came the beloved voice, the voice that would have power to call him out of the depths of hell itself—Jean's voice.

"Blaise! Blaise! What are you doing?"

CHAPTER XXXII.

The Dividing Sword

Slowly, reluctantly, Tormarin's hands loosened their clasp of Madame de Varigny's throat, and with a swift, flexible sweep of the body she slipped aside and stood a few paces from him.

Jean looked from one to the other with horrified eyes.

"Madame de Varigny?—Blaise?" she stammered. "What is it?... Why, you—you might have killed her, Blaise!"

He stared at her blankly. His release of the Italian woman had been in mere blind response to Jean's first imperative appeal that he should desist. But the mists of ungovernable anger had hardly yet cleared from

his brain; the blood still drummed in his ears like the roar of the sea.

"Blaise"—Jean spoke imploriously. "What were you doing? Tell me—"

With an effort he seemed to recover himself.

"It's a pity you didn't let me finish it, Jean," he said harshly. "Such women are better dead."

Madame de Varigny was fingering her neck delicately where the pressure of Blaise's grip had scored red marks on the cream-white flesh. She seemed quite composed. Her smile still held its quiet triumph and her long dark eyes gleamed with the same mockery that had brought her within measurable distance of quick death.

"As Monsieur Tormarin seems to find it difficult in explaining—permit me," she said at last.

"He was angry with me because I bring him the good news that his wife is still alive, that he need mourn no longer."

While she spoke her eyes resting on Blaise's mask-like face, held an expression of malicious satisfaction.

"His wife . . . alive?" repeated Jean dazedly. "Blaise, is she not dead? Jean has been dead years—years—"

"She is still alive," replied Jean. "She is my sister and has been living with me ever since her husband's cruelty drove her from his home."

"Is it true, Blaise?" whispered Jean.

Belief that some substance of horrible truth lay behind the Italian's coolly uttered statements was beginning to hold by half of her.

"Now, Madame de Varigny—will you come with me?"

The woman hesitated a moment.

"No," she said firmly.

"Or—are you afraid, after all, to bring me face to face with my wife?"

She shook her head.

"No," she said. "I am not afraid. It is only that I am so sorry—so sorry for the little Jean."

Her eyes, soft and dark and liquid as the eyes of a deer, sought Jean's searching eyes.

"And at that Jean came right back to an understanding of all that had happened, as the needle of a compass swings back to the frozen north."

(To Be Continued.)

Belief that some substance of horrible truth lay behind the Italian's coolly uttered statements was beginning to hold by half of her.

"Blaise, Blaise!" her voice rising a little—"say it isn't true—tell her it isn't true."

He looked at her speechlessly, but the measureless pain in his eyes answered her more fully, more convincingly than any words.

"You see?" broke in Madame de Varigny triumphantly. "He cannot deny it! It was I who told him of her death and I who now tell him that she still lives. Listen to me, mademoiselle, and I will recount you how—"

"No!" interrupted Jean proudly.

"Whatever there may be for me to hear, I will hear it from Blaise—not from you."

"Birthdays needn't make you Old!"—says Irene Rich

"A screen star never worries about birthdays," this lovely star says, "as long as she doesn't look old. To hold her public she must keep the fresh loveliness of youth."

"Irene Rich— Hollywood's own golden girl—has the whole world gazing at her. She is the queen of screen beauty above all else."

"I'm 40—"

"She turned again to Tormarin, 'Tell me everything, Blaise,' she said simply."

He took her outstretched hands and drew her slowly towards him. No one, reading now the calm sadness, the stern imprint of endurance on his face, could have imagined it was that of the same man who, a few moments earlier, had been swept by such a tempest of uncontrollable anger.

"Jean," he said very gently and pitifully. "I'm afraid that what Madame de Varigny says may be true. Where is your proof—where in your proof?"

The Italian smiled.

"Monsieur Tormarin will find his wife in my car. I bade the chauffeur wait with it at the lodge gate!"

"Do you mean you have brought Nesta—here?" cried Blaise.

"Why not?" replied Madame de Varigny, with a return to the same exasperating complacency with which she had originally described her whole scheme of revenge. "And—here? Surely her husband's house is the proper place to which to bring his wife?"

"She cannot remain here," said Blaise with decision.

"No? For the moment that was not my idea. I brought her with me because I thought there could be no more convincing proof."

Blaise looked at her searchingly. He fancied he detected a false note in her voluble speech, and a new idea, presented itself to him. Was the woman simply putting up a gigantic bluff? Or was it really Nesta, his wife, waiting in the car at the lodge gates? It occurred to him as perfectly feasible that it might be merely some woman whose remarkable resemblance to the dead girl had suggested to the Countess' fertile brain the scheme that she should impersonate her.

His mind seized eagerly upon the idea, bolstering it up with Madame de Varigny's own admission. "I made little changes in her appearance," she had said of the girl's hair, the way of dressing it." Probably she was relying on those "little changes," and the blurred recollection resulting from the length of time which had elapsed since Nesta's death, to aid her in her plan of introducing as his wife a woman who closely resembled her. He felt morally sure of it, and the light of hope suddenly shone bravely.

"I believe you are deceiving me," said quietly. "Lying—as you have lied all through the piece. I'll come and see this 'wife' you have waiting in the car for me!" grimly. He turned to Jean. "Keep up your courage, sweet heart," he said in a low voice full of infinite solicitude. "I believe the whole thing is a put-up job to separate us."

Jean smiled at him radiantly. She was still very once indeed. In a few minutes this nightmarish story of a Nesta still alive and claiming her rights as Blaise's wife would be proved a lie.

Tormarin crossed the room and opened the door.

"Now, Madame de Varigny—will you come with me?"

The woman hesitated a moment.

"No," she said firmly. "Or—are you afraid, after all, to bring me face to face with my wife?"

She shook her head.

"No," she said. "I am not afraid. It is only that I am so sorry—so sorry for the little Jean."

Cabbage and Goitre

Medical Men See Some Connection Between Vegetable and Disease

Cabbage that pillar of the vegetable kingdom that brings vitamins cheaply to our tables, is under medical suspicion as a cause of goitre.

In addition to the Manitoban Medical Association's convention at Winnipeg, Dr. A. C. Abbott, Winnipeg, cited experiments carried out at John Hopkins' University which showed winter cabbage caused goitre in rabbits in the short space of three weeks. He told of a survey he has recently completed among Winnipeg school children in which his findings bore out this theory.

Dr. Abbott found it significant that children of British extraction whose diet was varied, showed less than 12 per cent. affected thyroid glands while between 30 and 40 per cent. of children whose parents had enlarged thyroids.

Jean stared at him blankly. The hands had pointed to half-hour to smash up her whole world—to rob her of everything that mattered.

"I must think—I must think," she muttered.

"Belovedest"—Blaise's voice was wonderfully tender—not with the passionate tenderness of a love but with soft tenderness that almost touched the heart. "To rest a little, won't you?"

"And at that Jean came right back to an understanding of all that had happened, as the needle of a compass swings back to the frozen north."

The twilight, when the light?

It comes slowly, nearing

Its long-deared seat.

Will you forget, at twilight,
The prairie wind, and me?

You may forget, at nightfall,
Those scenes where once we moved,

And all the fading pageant;

Or beauty that we loved;

But you will not forget,

And those lost joys we knew.

I shall be near to you!

Sixty-Fifth Fair

A man who says he usually travels in the open country at 55 to 60 miles an hour writes to *The Star* that "speed maniacs" pass him going 70 to 75 miles an hour. No doubt these complain that they are sometimes passed by reckless persons driving 80 to 85 miles per hour. But isn't 60 miles an hour fairly fast in the first place?

Canadian Bacon Exports

Canada's exports of bacon to Great Britain increased from 184,576 pounds in July, 1931, to 3,480,000 pounds in July, 1932, putting her in fourth place among nations selling bacon to the United Kingdom.

Cyrus the Great was the founder of the Persian Empire and conqueror of Babylon.

Once you eat *Borden's St. Charles Milk* in your coffee, you will never drink another milk.

It is the milk that is smooth and creamy. It is the milk that has a rich fullness that makes one come back for more.

Little Helps For This Week

A soft answer turneth away wrath. Patience is not weakness. He who bears injuries without resentment triumphs in the end. Blessed are the meek for they shall inherit the earth.

"There is a time for work and a time for play.

A time for everything good each day."

But never a time in this short life For quarrels and angry words and strife."

I'll do anything for peace except fight for it.—Livingstone.

An Annual Custom

Children At St. Ives, England, Throw Dice For Bibes

Dice were thrown for Bibes at St. Ives, England, recently. The custom is observed annually, and three Anglican and three Nonconformist children each received a Testament. The custom follows the provisions of the will, dated 1688, of Dr. Robert Wilde, and the cost of the Bibes is defrayed by rents from land known as Bibes Orchard.

Tons Of Cheese Exported

Five tons of Canadian cheese were exported to England from Quebec on the liner "Aurania," one of the largest shipments made from there in many years. It is expected that other large amounts of cheese will be shipped during the remainder of the navigation season.

Canadian Tobacco For Africa

Twenty-five casks of Canadian tobacco have been shipped to Sierra Leone, the first time from this country to find a market in West Africa. Hitherto the United States has supplied most of the demand there.
